Taking history forward

www.hartmannhouse.co.zw

Founded by the Jesuits in 1957, Hartmann House is a Roman Catholic, and Preparatory School for St George's College. We believe that developing each boy in all aspects of his life is the most important function of the School and that this is only achievable where all who share responsibility for the boy's development have the closest possible contact and co-operate together.

ADMISSIONS

Hartmann House is a Catholic day boarding School for boys which welcomes pupils from different backgrounds and all faiths. Our new Grade 0 to 2 Infants' block now means we offer tuition from Grade 0 to Grade 7, with preferential entry to ST GEORGE'S COLLEGE for those who follow the Red Blazer Route.

RED BLAZER ROUTE

The Red Blazer Route means a child entering HARTMANN HOUSE gets preferential entry into ST GEORGE'S COLLEGE, the oldest boys' School in Zimbabwe. It is one of the country's pre-eminent educational institutions and can hold its own among Africa's finest schools, ensuring a seamless transition along a valuable and highly sought-after educational journey.

OUR MISSION

At the centre of a Jesuit education stands the phrase "Men of God, Men for and with others". A former Jesuit Superior General popularized that phrase and our students are very aware that this is what separates them from their peers in other educational establishments.

Young men are educated, nurtured and matured to see beyond their own achievements to the importance of service to others in their communities. This is the spirit, the ethos of a true Jesuit education instilled in every PAUL MIKI, HARTMANN HOUSE and ST GEORGE'S COLLEGE pupil. From late infancy, through childhood to early adulthood, the spirit of service to the community and to the family extending to national and even international level, is cultivated by the Jesuits through various activities that are consciously geared at developing men who can strike a healthy balance between the needs of self, and the needs of others.

*Our Mission is to instill a universal development of the
"whole" of a young man's character and conscience*

DAY BOARDING STRUCTURE Gr3-7

Boys are dropped off at School at 7:15am and the day begins. A variety of lessons occur all morning, with break time at 10:30am and just before lunch there is Reflection Time. This actively helps the boys look at what they have achieved in that day within the presence of God, and what they aim to achieve over the rest of the day. After reflection, from 1 o'clock it's lunch time, and food can be ordered from "Manuelo's Kitchen", or pupils can bring their own. After lunch all boys change into sports kit and go to their classroom, with their teacher, to do homework. At 2:30pm the boys attend a club (cultural activity), which is changed every 6 weeks. They then go straight to sport which finishes at 4:45pm, after which they get correctly dressed, to be picked up and go home. This structure ensures that your son will infrequently bring more than reading and spelling home, allowing for more family time!
